

Cool the Planet Challenge

Preserve our tropical forests and prevent 123 billion tons of carbon from entering the atmosphere*

Plant a tree, sponsor others to plant a tree*

***<https://www.savetherainforestnow.org/>**

Recycle, Reuse, Refuse to over-consume

Raise your thermostat one degree in summer, lower your thermostat one degree in winter

Opt into your power company's clean energy grid

Go Solar, Go Thermal, Go Wind

Bicycle, use mass transit, drive a hybrid or an all-electric vehicle

Weatherize your home

Patronize green businesses

Eat healthy (less red meat & more local produce)

Saving rainforests since 1988
