International Field Studies

FORFAR FIELD STATION ANDROS ISLAND, BS

IFS and Forfar Field Station

International Field Studies, Inc. (IFS) is an educational and scientific non-profit organization established to promote and assist educators with field study programs. Established in 1970, IFS grew out of the increasing teacher interest in implementing field study experiences for their students with minimal organizational difficulty and expense. IFS offers week long Field Studies experiences at Forfar Field Station to Secondary and University Groups.

Forfar Field Station is owned and operated by IFS. It is a rustic former dive resort nestled in a beachfront coconut grove on the east coast of Andros, the largest of the Bahamian Islands.
