

# Empower Youth. Activate Change.

## WHY JOIN:

- **Ready-To-Use Lessons:** Next Generation Science Standards-aligned, easy-to-implement
- **Scholarship Opportunity:** juniors and seniors eligible, recommend students for the scholarship
- **Get Funding:** a \$1,000 teacher stipend, and up to \$2,000 in project funds
- **Simplified Reporting:** Minimal back-end reporting required
- **Engaging Curriculum:** Fun and easy-to-follow

## ABOUT WALKING SOFTER EDUCATION:

Walking Softer Education offers free NGSS-aligned lessons for high school students to explore sustainability and lead community projects. Any high school class, club, or out-of-school-time educational program is eligible to participate, and participants receive up to \$2,000 in project funding and a \$1,000 teacher stipend.

Designed with teachers in mind, the program features a simple sign up process and minimal reporting so that teachers can focus on student learning. The fun, easy-to-follow web-based curriculum comes with teacher instructions and support, making implementation simple—even without environmental expertise.

Participating juniors and seniors can also earn a scholarship of up to \$20,000 to pursue further education in sustainability. We encourage teachers to recommend exceptional students for this opportunity.

**Take the first step toward creating lasting change  
in your community!**
