

eCYBERMISSION STEM COMPETITION

eCYBERMISSION is a free, virtual STEM competition for 6th to 9th grade students.

6 - 9 Grade

As the Team Advisor, you assist teams of two to four students as they explore a problem with science or solve it with engineering. Learn more at www.ecybermission.com.

Standards-Aligned

Supports phenomenon-based and social emotional learning and aligns with Next Generation Science Standards.

Expert Mentors

Our CyberGuides, real scientists and engineers, are available to answer student's questions and help with their projects.

Student Awards

Prizes in the form of Savings Bonds are awarded at the state, regional, and national level.

Resources

Team Advisors have free access to lesson plans, worksheets, rubrics, videos, and more.

Mini-Grant Program

The eCYBERMISSION Mini-Grant program provides funding to support teachers as they implement eCYBERMISSION in their classrooms and schools. Teachers do not need to commit to participation or know

exact student registration numbers to apply. Visit www.ecybermission.com/MiniGrantProgram to learn more and apply.
