

The Whale Museum 2021 Virtual Marine Naturalist Training Program

Summer Session Dates:
July 19-24, 2021

The Whale Museum's Marine Naturalist Training Program will enhance your opportunity to work as a naturalist or take advantage of volunteer opportunities. Presentations will include detailed information on the orca whales and other marine mammals and seabirds of the Salish Sea. Hands-on learning and field identification will be emphasized. Instructors are Whale Museum staff, regional professionals, marine scientists and environmental educators. For more information, contact: Tracie Merrill at tracie@whalemuseum.org or (360) 378-4710 ext. 23.

**Registration and more information is available on our
website www.whalemuseum.org**
