# ENHANCING DIVERSITY EQUITY & INCLUSION IN THE COASTAL SECTOR

Restore America's Estuaries will be hosting an interactive workshop in the nation's capital during National Estuaries Week 2019 focused on DEI in the coastal community.

Facilitated by the nationally-recognized organization Avarna Group, this event will focus on adding a DEI lens to recruitment and hiring in the coastal sector.

Workshop attendees will have an opportunity to:

- Gain a deeper understanding of bias in the coastal conservation industry
- Learn strategies for identifying and combating bias during recruitment, hiring, and promotion processes
- Acquire actionable tools to engage in and promote DEI efforts within their own organizations

Join us as we tackle these crucial conversations. Sponsorship opportunities are available.
